# Highlights

## 305 cm (120") image size

Enjoy the biggest Notebook screen you've ever had and share all your media content in the impressive 305-cm (120") size.

## LED-Technology

Your pictures and videos deserve the best quality when it comes to sharing them with those around you. This is why the PicoPix mobile projector uses high quality LED technology to project your pictures and videos in brilliant colours and breathtaking contrast.

## USB Power

Sharing your media content is so easy. Just connect your PicoPix to a Notebook via USB and start projecting. You don't need to do anything else! Even the power is supplied via this USB connection.
