- Use in or out of the shower, with gel or dry

A clean & comfortable shave

- Smart motor control adjusts the shaver power automatically
- 5 Directional Flex Heads
- Cutting system with curved slots for better hair catching

Highlights

Smart Power Control

Philips smart motor control adjusts the shaver power automatically for a consistent shave always so there is no pulling of hair, even on denser hair.

5 Directional Flex Heads

The heads of the shaver float and flex in 5 different directions for optimal contact with your skin, ensuring a comfortable shaving experience

PowerCut Blade

The unique blade system with curved slots gives better hair catching and ensures a clean results in fewer passes.

40 minutes of cordless shaving

You'll have up to 40 minutes of run time - that's about 13 shaves - on a 1 hour charge. This shaver operates in cordless mode only.

Wet & Dry

The shaver is water-resistant, so you can use it wet, dry or with gel. It's your choice: shave and groom yourself in or out of the shower.
