**PHILIPS**

Mini projector  
LED LCD Up to 60", Built in speaker

# Highlights

## Advanced LED Light Source

The powerful LED light source displays rich, vivid colors and will last up to 30,000 hours. You won't need to replace it since it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco friendly device!

## Audio jack

Connect any headphones or external powered speakers with the built-in 3.5 jack.

## Built-in Media Player

Pop your essentials in your hand with the integrated Media Player: Browse, watch all your videos, listen to your music or share your latest holidays pictures.

## Built-in speaker

No need for extra sound system, the built-in speaker enables the performance you need in a small package.

## Focus adjustment

Place your projector at any distance and adjust the focus to fine-tune images to your needs.

NPX240/INT

## Fully Connected

Connect any multimedia devices such as set top boxes, gaming consoles, and streaming devices like Fire Stick or Apple TV with the USB, HDMI or MicroSD ports.

## Make It smart!

Access to unlimited content by connecting to any smart gaming console or TV boxes like Fire Stick or Apple TV.

## Project images up to 60"

Project images and videos up to 60" (150cm) from less than 2 meters from the wall.
