Dispenser  
RO Water Dispenser

Aquaporin Inside® technology  
All-in-one integrated filter  
Instant heating  
No installation required

**ADD6901HBK01/90**

## Easy access to clean drinking water

With 4 in 1 RO filter

With instant heating technology, this RO water dispenser provides water of various temperatures within seconds. The innovative AquaShield all-in-one RO filtration removes 110 kinds of harmful substances that may exist in the tap water\*.

### **RO Water Dispenser**

- RO filtration removes 110 kinds of harmful substances\*
- Fresh hot water on demand in 3 seconds
- 4 preset temperatures for your different needs
- 4 preset water volumes for your different needs
- Long-life filtration lasts up to 12 months\*\*\*
- Safety lock to prevent mis-operation or burning
- ClearSmart intelligent system
- Plug and play; no installation required
- UV-LED eliminates 99.9% of bacteria\*\*

# PHILIPS

# Specifications

## Filtration performance

- Chlorine reduction
- Pesticides reduction
- Water hardness reduction
- Filtration level: 4-stage
- Lead reduction
- Filter precision: RO: 0.0001 µm
- Recommended filter lifetime: 12 months\*\*\*
- PFOA reduction
- PFOS reduction

## Heating performance

- Heating method: Instant heating

## General specifications

- Product color: Black
- Applicable inlet water: Municipal tap water
- Replacement filter cartridge: ADD541
- Voltage and frequency: 220V-240V~, 50Hz/60Hz
- Filtration capacity: 2000L
- Water temperature: Ambient, 45, 85, 95 °C
- Water volume: 150, 200, 300, 500ml
- Raw water tank: 4L
- Product size: 200\*302\*404mm
- UV sterilization
- Filter lifetime indicator
- Input water temperature: 5-38 °C

# Highlights

## RO filtration

The innovative AquaShield All-in-One RO filter removes 110 kinds of harmful substances that may exist in the tap water\*, delivering similar water quality as distilling.

## Fresh hot water

Thanks to the instant heating technology, the fresh hot water comes out within seconds, at the exact temperature you like. No more waiting.

## 4 preset temperatures

Precisely controlled temperatures for your different needs. No more waiting for cooling down to a specific temperature. No matter coffee, tea or honey water, you can always make your favorite drink within seconds.

## 4 preset water volumes

150ml, 200ml, 300ml, and 500ml, you can always find the best volume setting for your favorite cups.

## Long-life filtration

The all-in-one RO filter lasts up to 12 months\*\*\*. You only need to replace the filter once a year and enjoy your clean water supply the rest of the time.

## Safety lock

When the output water temperature is above 45 celsius, the safety lock will be automatically activated to prevent mis-operation or scalding.

## ClearSmart intelligent system

Real-time filter status display, remind you to replace the filter if it is needed.

## Plug and play

No installation needed for the dispenser. With a compact design, you can put it anywhere at home.

## UV-LED

UV-LED eliminates 99.9% of bacteria\*\*
