Excellent closeness, smooth skin feel with SkinIQ Technology

The Philips Series 8000 delivers a smooth skin feel, while cutting each hair close – even on 5-day beards. Equipped with advanced SkinIQ technology, the shaver senses, adapts and guides on the correct motion, for better skin protection.

A close shave

- Flexible heads follow your facial contours
- Engineered for precision and cutting efficiency
- Advanced precision for a closer shave*

SkinIQ technology

- Guides you to an improved technique with fewer passes
- Smooth gliding for better skin protection
- Adjusts to your beard for effortless shaving
- Enhanced shaving experience with app

For a convenient shave

- Up to 50 minutes of cordless shaving when fully charged
- 1 hour charging time and 5 min quick charge
- One-touch open for easy cleaning
- Shave wet, dry and even under the shower

Sustainability

Highlights

Motion Control sensor

Motion-sensing technology tracks how you shave and guides you to a more efficient technique. After just three shaves, the majority of men achieved a better shaving technique for fewer passes***.

360 D Flexing heads

Fully flexible heads turn 360° to follow your facial contours. Experience optimal skin contact for a thorough and comfortable shave.

Protective SkinGlide coating

A protective coating lies between the shaver heads and your skin. Made of up to 2000 micro-spheres that coat every square millimetre. Minimise irritation by reducing 25% of friction on skin***.

Power Adapt sensor

The intelligent facial-hair sensor reads hair density 500 times per second. The technology auto-adapts cutting power for an effortless and gentle shave.

Personalisation via app

Perfect your shave by pairing your shaver with the Philips GroomTribe app. Shave by shave, track the progress of your skin, personalise your shave and master your technique for a shave that's as close as it is kind to skin.

Hair-Guide Precision heads

The new shape of the shaving heads is engineered for precision. The surface is enhanced with hair guiding channels, designed to move hair into an effective cutting position.

USB-A charging

At Philips, we drive sustainability in all aspects of product creation. Our ambition is to reduce waste and minimise the number of USB adapters we put in the market. Should you need an adapter, a suitable supply unit is available via: www.philips.com/support

Dual SteelPrecision blades

With up to 150.000 cutting actions per minute, the Dual SteelPrecision blades shave close. The 72 high-performance blades are self-sharpening and made in Europe.

50 minutes of cordless shaving

Shave cordlessly for up to 50 minutes after one full battery charge.

Specifications

Accessories

Maintenance: Cleaning brush

Attachments: Nose trimmer

Charging stand

Integrated pop-up trimmer

Travel and storage: Protective cap

USB-A cable included: Power adapter not included

Software

App: Daily Care, Connects via Bluetooth®

Smartphone compatibility: iPhone and Android™ devices

Power

Charging: 1 hour full charge, 5-min quick charge

Battery type: Li-Ion

Automatic voltage: 5 V

Run time: 50 minutes

Stand-by power: 0.04 W

Max power consumption: 9 W

Design
