soft spout

Toddler Drinking

Silicone

CP1635/01

Flexible, soft silicone spout is gentle on the gums

Our spouts are compatible with Natural bottle

Soft spouts are gentle on the gums, yet bite-resistant when first teeth grow. Our patented valve ensures liquid only comes out when your child drinks

Soft silicone spout

- Premium basic cup soft spout

Highlights

spout

Our spouts are compatible with Natural and Classic+ bottle ranges (excl. glass bottles), as well as our complete cup range
