 Product Picture

Sip, no drip

Easy transition from bottle to cup

The Philips Avent BPA free sippy cup features a patent pending valve that guarantees no leakage. The soft non-slip handles ensure easy grip for little hands and the hard spout is bite resistant. Easy for your child, convenient for you.

Non-spill

- Leak free! Moms confirm
- Easy conversion to a free-flow cup

Ideal first step to a drinking cup

- Soft touch trainer handles for little hands
- Angled spout mitigates head tilting

Other benefits

- This cup is made from BPA free material
- Compatible with Philips Avent bottles and cups

Convenient for you and your baby

- All parts are dishwasher safe for convenience
- Hygienic cap to keep cup clean on-the-go

Highlights

Leak free! Moms confirm

No more mess! The new patent pending valve ensures that water comes out only when the child is drinking from the spout.

Angled spout

The angled spout is designed to help toddlers take their first sips easily without tilting their head back too much.

Ergonomic trainer handles

Trainer handles help your toddler to hold the cup and drink independently. These handles are shaped for little hands to grab easily and they are also rubberized for a non-slip grip.

BPA Free

This Philips Avent cup is made from BPA free material.

Philips Avent compatibility

All Philips Avent bottles and cups are compatible excluding the glass bottles and the Grown-up cups/My First Big Kid Cups. So you can mix and match to create the perfect cup, suiting your toddler's individual development needs.

Hygiene cap

Whether at home or on-the-go, the protective hygiene cap always keeps the spout clean.

Cup is dishwasher safe

All parts are dishwasher safe for convenience
