## Clean shave. Extra skin protection\*

### With Skin Protect technology

Minimize skin irritation to look and feel your best every day. Philips 5000X series with SkinEase technology is made to give you a clean shave with extra skin protection. Laboratory tested on sensitive skin.

#### Convenience

- Choose a convenient dry or refreshing wet shave
- Flips open for easy cleaning
- Shave confidently with ergonomic anti-slip grip
- Travel with peace of mind
- 1-hour charging for 50 minutes shaving, 5-min quick charge

#### Sustainability

- USB-A charging, adapter not included. Plastic-free pack.

#### SkinEase Technology

- Glides smoothly for less irritation
- Keeps optimal skin contact even in difficult areas
- Anti-Corrosion system respects the skin

# Highlights

## Wet&Dry use

Whichever way you prefer to shave, the shaver works with your needs. Make it comfortable and dry, or refreshing and wet. Shave with gel or foam, or under the shower.

## SkinGlide Protective Coating

Shave with comfort. The SkinGlide Protective Coating with 100.000 micro-beads per square centimeter improves gliding by 20%\*\* to minimize skin irritation.

## One-Touch open

You can easily clean the shaver. Just press the One-Touch button to open the shaver head, rinse and go.

## 360° Flexing Head

The fully flexible shaving head turns 360 to give you optimal skin contact even in difficult areas and catch hairs avoiding excessive pressure peaks to minimize irritation.

## Anti-Corrosion Shaving System

Our shaver's blades are made from surgical-grade European steel that resists corrosion and prevents the blades from impurities. Hypoallergenic steel is skin friendly.

## Anti-slip Grip

Take control of your shave. The rounded grip pattern is specially designed so you can hold the shaver in any position without slipping, even under the shower.

## Travel Lock

Ensure your shaver doesn't run out of battery unexpectedly. Press and hold the on/off LED button for 3 seconds to lock the shaver for travel, so it can't accidentally turn on and drain the battery.

## Charging & Shaving time

Get 50 minutes of shaving time from a 1-hour charge, or plug in for instant continuous power. In a hurry? Just 5 minutes of charging gives you enough power for one full shave.

## USB-A cable. Plastic-free pack

At Philips, we drive sustainability in all aspects of product creation. This packaging is recyclable and comes without any plastic parts. Our ambition is to reduce waste and minimize the number of USB adaptors we put in the market. Should you need an adaptor, please contact us via Consumer Care Center: [www.philips.com/support](http://www.philips.com/support)

# Specifications

## Accessories

**Travel and storage:** Protective cap

## Power

**Automatic voltage:** 100–240 V
