Highlights

SkinGlide Protective Coating

Shave with comfort. The SkinGlide Protective Coating with 100.000 micro-beads per square centimeter improves gliding by 20%** to minimize skin irritation.

360° Flexing Head

The fully flexible shaving head turns 360° to give you optimal skin contact even in difficult areas and catch hairs avoiding excessive pressure peaks to minimize irritation.

Anti-Corrosion Shaving System

Our shaver's blades are made from surgical-grade European steel that resists corrosion and prevents the blades from impurities. Hypoallergenic steel is skin friendly.

PowerCut Blades

Enjoy the long-lasting performance with the 27 self-sharpening PowerCut Blades from stainless steel. With 56.000 cutting actions per minute you cut each hair effectively and get a clean shave and smooth, even finish every time.

Anti-slip Grip

Take control of your shave. The rounded grip pattern is specially designed so you can hold the shaver in any position without slipping, even under the shower.

Wet&Dry use

Whichever way you prefer to shave, the shaver works with your needs. Make it comfortable and dry, or refreshing and wet. Shave with gel or foam, or under the shower.

Accessories

When you're ready just click the attachment onto the handle and perfect your style.

One-Touch open

You can easily clean the shaver. Just press the One-Touch button to open the shaver head, rinse and go.

Travel Lock

Ensure your shaver doesn't run out of battery unexpectedly. Press and hold the on/off LED button for 3 seconds to lock the shaver for travel, so it can't accidentally turn on and drain the battery.
