PHILIPS ZOOM!

Specifications

Performance

- Clinically proven: Up to 8 shades in 45 min**
- Professional: Single 45-min surgery visit

Proven safe

- Sensitivity management: Adjustable light intensity
- Safe: Little to no sensitivity

Highlights

Adjustable settings

Unlike some other whitening systems, Philips Zoom WhiteSpeed has adjustable intensity settings and can be customised to eliminate sensitivity to maximise your comfort. In fact, over 90% of people surveyed experienced little to no sensitivity with the Philips Zoom WhiteSpeed lamp.

Light-activated technology

Unlike many other systems, Philips Zoom WhiteSpeed uses a proprietary LED light to accelerate whitening for maximum results in minimal time.

Proven safe and effective

The Philips Zoom WhiteSpeed lamp is backed by studies that have shown it is safe and effective for your teeth and gums. 95% of patients surveyed agree that the Philips Zoom WhiteSpeed lamp produces excellent results.*
