Highlights

Specifications

Unique OneBlade Technology

The Philips OneBlade has a revolutionary technology. Its fast moving cutter moves 200 times per sec, power through any length of hair, giving you a clean shave.

Anti-friction blade

A special layer of micro-glass beads reduce friction to ensure smooth gliding while you shave to reduce irritation and eliminating the need for water and foam.

Durable OneBlade

The blades are designed for lasting performance. For optimal performance, you will only need to replace each blade every 4 months*. Replacement is easy and hassle free.

Service

Replacement head: Replace every 4 months*, QP215

Shaving Performance

Shaving system: Contour-following technology, Dual protection system
