Easy-to-clean nozzle

- Detachable dishwasher-proof nozzle

Fast and effective cleaning

- 12.0 V rechargeable appliance with cyclonic airflow

Cleaning in comfort

- Exceptionally quiet

PHILIPS

Highlights

12.0V rechargeable appliance with cyclonic airflow

The Philips Mini Vac's cyclonic airflow keeps the dirt inside rotating to ensure optimal, high suction power and cleaning performance that lasts.

Exceptionally quiet

The Philips Mini Vac, with its powerful motor, is exceptionally quiet thanks to its special streamlined design. The comfortable noise level allows you to tidy up your home any time you want to.

Detachable dishwasher-proof nozzle

The Philips Mini Vac is also easy to maintain. If the nozzle needs cleaning, you simply put it in the dishwasher. That way you've always got a spotless, dirt-free Mini Vac at hand.

Brush tool, bendable crevice tool and car plug

The Philips mini vacuum cleaner with rechargeable battery (12 V) includes a special car-cleaning kit with car plug for unlimited runtime, which means consumers can clean their cars thoroughly in one go. This model also comes with an extra-long, flexible crevice tool for easy cleaning around car seats and other hard-to-reach areas.

Smart-design charging base for wall or table

You can store the Philips Mini Vac on a convenient charging base, against a wall or on a table. This means the Philips Mini Vac, with its powerful rechargeable battery, is always ready when you are.

Cyclonic and 2-stage filter

The Philips MiniVac's cyclonic airflow keeps the dirt inside rotating to ensure optimal, high suction power and lasting cleaning performance. Its 2-stage filtration system ensures that, once inside, the dirt cannot escape. The first filter blocks most dirt, while the pleated second filter traps the finer dust particles.

Specifications

Nozzles and accessories

- Other accessories: Car plug, Charging base

Design

- Color: Shaded purple

Weight and dimensions

- Dimensions of packaging (LxWxH): 195 x 190 x 426 mm
