### Contains

- s-bag Classic Long Performance: 6
- Motor filter: 1
- EPA filter: 1

FC8059/01

# Highlights

### Allergy filter

The kit contains 1 x Allergy exhaust filter. The filter catches even the finest dust before the air is expelled back into the room. This results in clean, dust-free air in your home. The filter should be replaced once a year.

### s-bag® Classic Long Performance

The kit contains 6 x s-bag® Classic Long Performance original dust bags. This original Philips dust bag has been developed to provide long-lasting vacuum cleaner performance, i.e. a high performance level and maximum filtration, up to the moment the dust bag is full and ready for disposal.

### Triple-layer motor filter

The kit contains 1 x triple-layer motor filter. This filter prevents fine dust from reaching the motor and damaging it. The filter should be replaced once a year.
