Highlights

Performs like a vacuum cleaner

The performance of PowerPro Duo is as strong as a 2000 W vacuum cleaner. Tested internally by Philips. Compared to a FC8632.

PowerCyclone Technology

The PowerCyclone technology delivers thorough cleaning results in one go through highly efficient steps: 1) Air enters fast into the PowerCyclone thanks to the straight and smooth air inlet. 2) The curved airpass quickly accelerates the air in the cyclonic chamber to separate the dust from the air.

TriActive Turbo nozzle

The TriActive Turbo nozzle delivers powerful performance on hard floors and carpets. The

motorized brush and the optimized airflow pick up all dirt and fluff in one go.

Powerful 25.2V Li-Ion battery

The powerful 25.2 V Lithium-Ion batteries have longer-lasting power and a quicker charging time than standard batteries. Li-Ion batteries are also very lightweight, giving you a more enjoyable cleaning experience.

Cordless operation

The rechargeable batteries for cordless operation gives you freedom to clean everywhere. Now the cable is not a barrier anymore and you can easily clean in different rooms with no hassle.

Self-standing parking position

The stick has a convenient parking position to stay upright, both with and without the handheld. Therefore, you can instantly park the stick anywhere you want, also while you are cleaning.

Maximum flexibility

PowerPro Uno is designed to reach everywhere, so you can easily clean under the couch, bed or table without effort.

Effective on Animal Hair

Thanks to the TriActive Turbo nozzle with a motorized brush, you can now remove animal hair from couches, cushions and other fabrics. Ideal for pet owners.
