Designed with you in mind

Audio-enabled LED projector light

With its 1000-lm flood light, 250-lm spot and variable beam, the Philips Xperion 6000 Flood audio-enabled projector gets the job done. The smart-zoom knob and motion sensor simplify control, while Bluetooth speakers are music to the ears.

Highly versatile

- Recharge other devices with a useful USB port

See where others can't

- Powerful white light (1000 lumen / 10W) lights up large area
- The two most used lights combined into one lamp

Smart, ergonomic design

- Smart-zoom knob to easily control your light

Handles tough conditions easily

- Designed To Last

Extended warranty

- Extend your warranty online up to 3 years

Highlights

Smart-zoom knob

Dynamically adjust brightness and switch the flash light from flood to Spotlight with 250 lumens for illuminating hard-to-reach, narrow areas and cavities.

Powerbank

Charge other devices, such as your phone. Simply plug your device into the USB port on the back of the lamp and it will begin charging.

Enhanced Durability

IP65 water and dust protection, IK07 impact resistant, and resistant to common automotive chemicals.

Up to 3 years' warranty

Benefit from Philips standard 2-year warranty plus 1 additional year.

Illuminate the whole work area

Whether you need to light up a work site, temporarily replace a wall lamp, or illuminate outdoor activities, the Philips Xperion 6000 Flood audio projector is perfect for lighting up large dark areas. Delivering a powerful 1000 lumen (10W), its consistently bright light gives off a super wide beam. If you need less light and more battery life, you can easily dim the lamp to a 100 lumen output.

Multipurpose light

Different jobs demand different amounts of light. The Philips Xperion 6000 Flood audio-enabled projector combines in one lamp the two most commonly used forms of workshop lighting. A wide-angle homogeneous flood light for working on big areas over longer periods, and a focused light that concentrates illumination within small areas to get the best contrast and brightness, ideal for detailed inspections and narrow spaces.

Specifications

Electrical characteristics

Battery capacity: 4400 mAh
Battery charging time: Up to 5h
Battery run time (audio): 20h
Battery run time (boost): 3h
Battery run time (eco): 22h
Battery run time (Pointer): 9h
Battery type: Lithium battery
Charging cable type: Type USB-C
Voltage: 3.7 V
Wattage: 10W
Power source: Rechargeable battery

Light characteristics

Beam angle: 100 degree
Beam angle (pointer): 15 degree
Color temperature: 6000 K
Light output (boost): 1000 lumens
Light output (eco): 100 lumens
Light output (pointer): 250 lumens

Product highlight: Versatile yet powerful

Ordering information

Order entry: X60FLAUX1
Ordering code: 78004006

Packaging Data

EAN1: 046678004001
EAN3: 50046678004006

Packed product information

Length: 4.72"
Height: 5.63"
Cable length: 39.37" USB-C cable
Pack Quantity / MOQ: 6
Weight with batteries: 1.22 lb
Width: 2.48"

Product description

Audio speaker: 2 x 5 watts
Bluetooth connection
Hands free options: Rotatable hook, strong magnet, Smart handle
Impact protection rating (IK): IK07
Ingress protection rating (IP): IP55
Magnet: Magnetic handle
Materials & finishing: Robust ABS
Operating Temperature: -10°C to 40°C
Resistant to: Grease, oil, workshop solvents
Technology: COB LED
UV leak detector: No
Pointing light
Range: Xperion 6000
Hook: 180° rotatable
