Main parameters

- Working voltage: 3.7 V
- Working power: 12 W
- Battery: 5000 mAh

- Charging current: 2 A
- Charging voltage: 5 V

Country of origin

- Made in: China

Service

- Warranty period: 2 years

PPM4361DB/97

Highlights

Thermostatically hot compress

With temperature sensors built-in. The well controlled massage module provides a relaxing hot compress to improve the muscle blood circulation.

3DSuit assists should muscles

The stereo cut body fits your back well and the elastic strips help to reduce the burden of your shoulder muscles and straighten your back.

3-area VibWave vibration massage

The VibWave massage uses a high frequency vibration which goes deeply into muscle and relax muscle tissues efficiently.

Smart posture sensor

The built-in posture sensor can work a whole day, providing a kindly reminder when bowed back is detected. Users will gradually get used to a healthier habit to keep back straight when sitting and standing.

Anti-bacterial and splash-proof fabrics

The device is made of fabrics processed with nanotechnology. The anti-bacterial ingredients prevents the device to get smelly and unhealthy after use. The splash-proof layer keeps most dirt away and makes it easy to clean.
