Razor Slim 4K UHD OLED Android TV

with Ambilight 3 sided

Introducing the Red Dot-awarded Philips OLED973. A beautifully crafted statement piece, featuring a dynamic speaker stand and one of our thinnest panels yet. Paired with Ambilight and our powerful P5 Processing Engine to delight your senses.

European craftsmanship

- Enjoy audio flexibility with Philips Foldable Speaker Stand
- Ambilight. Take the emotion beyond the screen.

Just as the director intended

- Philips P5 Engine. Whatever the source, always perfection.
- Certified UHD Premium. Feast your eyes.
- The ultimate in contrast, colour and sharpness with HDR Perfect
- Dive deeper into the darkness with OLED TV Perfect Contrast
- 4K UHD OLED TV. This is what lifelike feels like.

Exhilarating. Limitless. Powered by Android

- Google Play store and Philips app gallery. More to love.

See how beautiful sound can be

- Visible sound articulation lets you see the beauty of sound
- Hear every detail with DTS HD Premium Sound

PHILIPS

Razor Slim 4K UHD OLED Android TV
164 cm (65") Ambilight TV 4100 Picture Performance Index, HDR perfect WCG 99%, P5 Perfect Picture Engine

Highlights

Ambilight 3 sided

With Philips Ambilight, movies and games feel more immersive. Music gets a light show. And your screen will feel bigger than it is. Intelligent LEDs around the edges of the TV cast on-screen colours onto the walls and into the room, in real time. You get perfectly tuned ambient lighting. And one more reason to love your TV.

Foldable Speaker Stand

Be enthralled with our new Philips Speaker Stand because now you can enjoy listening to your favourite music in any way you want. Thanks to a piece of engineering ingenuity, your audio entertainment will never be the same again with our 2-way foldable stand.

OLED TV

With a Philips OLED TV, every scene feels impressively real. Individual pixels can be dimmed or turned off, giving deeper blacks, vibrant colours and astonishing contrast. Even details in shadows and highlights are precisely reproduced. You also get a wider viewing angle and, thanks to the Philips processing engine, beautifully smooth motion.

P5 Perfect Picture Engine

The Philips P5 Perfect Picture Engine delivers an image as brilliant as the content you love. Details have noticeably more depth. Colours are vivid, while skin tones look natural. Contrast is so crisp you'll feel every detail. And motion is so smooth that you'll never lose sight of the ball, no matter how fast the play.

Ultra-HD Premium

The Ultra HD Premium certification on your Philips OLED TV is the promise of an incredibly lifelike 4K UHD picture for the content you love. You'll be captivated by greater brightness and contrast, and a wider colour gamut that unlocks millions of subtle shades. The HDR content you watch will come to life with more realistic depth and detail.

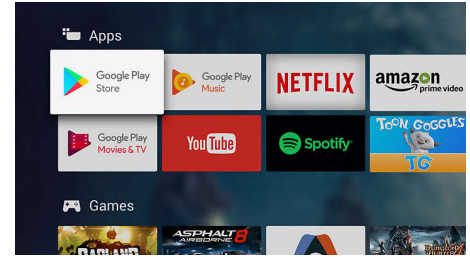

High Dynamic Range Perfect

High Dynamic Range Perfect delivers a sensory experience that captures the original richness and liveliness of your content. Enjoy brighter highlights, ultimate contrast and vivid colours just like the director intended.

65OLED973/12

TV Content

Go beyond traditional TV programming with Google Play Store and Philips App Gallery. Experience endless movies, TV, music, apps and games online. More to love.

Perfect Contrast

Dive deeper into the darkness with OLED TV. Organic self-emitting pixels achieve the deepest levels of black because of their unique ability to completely switch off - no light is emitted or passes through the pixel. This brings a huge range of contrast to your screen, bringing shades and colours to life in a way that LED TV technology cannot match.

DTS HD Premium Sound

DTS HD Premium Suite delivers high-end audio processing for better sound from your speakers. Preserving the purity of the original content, you'll enjoy immersive sound, deep bass and crystal clear dialogue without any fluctuations, clipping or distortion.

Visible sound articulation

Engineered sound in a slim design. Enjoy incredible highs and lifelike mids from a plethora of micro-drivers in a sleek speaker bar. When you can hear every whisper, step and creak in the floor, it doesn't take much to imagine how powerfully clear every crash, bang and explosion sounds. And when it comes to bass, nothing has been compromised with strategically placed rear speakers for deep, rich tones. It's a TV that sounds as good as it looks.
