### Skin-friendly body shaver

The shaver head features patented rounded tips and a hypo-allergenic foil to protect your skin from cuts and nicks while shaving.

### Body groomer built to last with no oil required

All of our body grooming products are built to last. They come with a standard global 2 year warranty, including the option to extend up to 5 years\* and they never need to be oiled.

### Dual step shaving

The men's body groomer designed to capture short, long and thick hair in a single stroke. The dual step shaving first trims longer hairs, which are shaved by the foil for a closer result.

### Self sharpening blades

The trimmers' steel blades lightly brush against one another, sharpening themselves as they trim so they stay extra sharp and effective. Refresh your foil every year.
