# Highlights

## Up to 1 month standby time

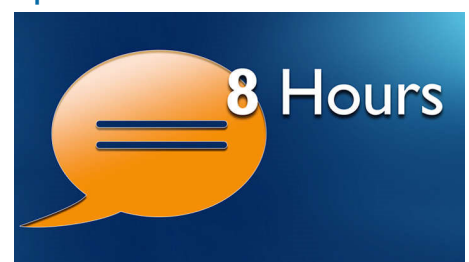

Packaging type: Giftbox

## Accessories

- Standard Package Includes: Battery, CD-ROM (Mobile Phone Tools), Charger, Stereo Headset, User Manual, USB data cable, Handset

The phone can be on and in standby mode continuously for up to 1 month on a single charge.

## Up to 8 hours talk time

The phone can support up to 8 hours conversation on a single charge.

## 2 SIM cards, 1 phone

Enjoy hassle-free switching of your phone numbers without having to remove and swap your SIM cards. Your Philips mobile phone is specially designed to accommodate two SIM cards. To switch between the two cards, simply select the desired SIM card on the phone menu.

## 2.0 Megapixel camera

Capture your most precious memories with the clearest, sharpest picture quality imaginable through stunning 2.0 megapixel resolution. Press camera key to take vibrant pictures to use for wallpaper and fotocall, or to send later via MMS.

## MP3 playback and ringtones

Use the data cable or an external memory card to transfer MP3 music files to your phone for a superior audio experience on the go. You can also personalize your ringtone with a selection from your MP3 files.

## Video capture and playback

The video capture function lets you record precious moments in MPEG4 or H263 format. Play it back on your phone or PC.

## MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD memory card into the built-in memory card slot of your phone.
