Extras in life

- Dual mode (WCDMA and GSM), dual coverage
- Quality shots with 8 megapixel autofocus camera with flash

Highlights

Up to 16 hours web browsing

Enjoy web browsing for up to 16 hours on a single charge.

Power-saving switch

This Power-saving switch may well be the most convenient feature on your Philips mobile phone. By clicking the button located on the side panel, you can enable this function to help preserve your phone battery. It will shut down the WiFi, GPS and Bluetooth functions, while dimming the screen display simultaneously. Besides avoiding the multiple clicks needed to do likewise on other phones, this clever yet convenient button is definitely a lifesaver for heavy phone users.

Fast charging

Revive your mobile phone with a quick zap thanks to this incredible feature. While conventional charging takes a few hours, fast

charging means that you no longer have to fret about battery drain just before you dash out of the door for a string of important appointments. All you need is a few minutes on the plug before you tackle the day with the confidence that your phone can keep up. This potential life-changing feature could turn your life around.

5" HD IPS display

Your Philips mobile phone comes endowed with an awesome 5" high definition display that brings you truly vibrant colors and razor-sharp detail. The IPS technology ensures great viewing from any angle, while the vibrant colors and vivid images render a full-bodied viewing experience. To top it off, navigating on the wide screen is also swift and effortless. Whether you are surfing your favorite websites or viewing your latest snapshots and videos, the 5" screen gives you an unbeatable visual treat while on the go.

1.3GHz quad core processor

Your Philips mobile phone now zooms along like never before, thanks to the powerful 1.3GHz quad core processor. This powerhouse keeps up easily with your multitasking demands at a much faster speed. Load web pages with lightning speed, watch uninterrupted videos

plus get animations fast-and we mean fast! Gaming is seamless and immersive with exceptional picture quality.

Dual mode (WCDMA and GSM)

Your Philips mobile phone incorporates two SIM cards to allow you access to WCDMA and GSM network connections at the same time. Now you can enjoy wider mobile coverage on two networks with just one phone.

8 MPixel AF camera with flash

Shoot like a pro on the go with the 8 megapixel autofocus camera on your Philips mobile phone. Capture life's fleeting moments - big or small - in crystal-clear quality and beam them to friends and family with pride. And a built-in flash means that you can take great photos even in dim lighting conditions -so you won't miss a memorable shot, night or day.
