PHILIPS
sense and simplicity

Highlights

Up to 2 months standby time

The phone can be on and in standby mode continuously for up to 2 months on a single charge.

Up to 17 hours talk time

This Philips cordless phone can support up to 17 hours of conversation on a single charge.

Up to 35 hours music playback

Enjoy music playback for up to 35 hours on a single charge.

MP3 playback and ringtones

Use the data cable or an external memory card to transfer MP3 music files to your phone for a

superior audio experience on the go. You can also personalize your ringtone with a selection from your MP3 files.

FM radio

An FM radio application allows you to listen to your favorite FM radio programs wherever you are thanks to your mobile phone and its stereo headset.

MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD memory card into the built-in memory card slot of your phone.

300 SMS storage capacity

The phone features extra memory capacity to store up to 300 SMS (Short Message Service) messages, allowing you to keep more of your precious messages than ever before.

1000 phonebook entries

Conveniently store and access your comprehensive business and personal contacts in one large phonebook memory. You can quickly and easily select from a range of default fields to store up to 1000 phonebook entries.
