### Superb connection

- Excellent surfing experience with TDD-LTE and FDD-LTE

### Bright sparks, fast speeds

- Android 5.1
- Dual SIM for 2 groups of contacts

### Extras in life

- 8 megapixel front camera for self-portraits and video calls
- Quality shots with 8 megapixel autofocus main camera

### Sensational touch

- 5" HD IPS display
- Supreme handing comfort of 63° angled back panel

# Highlights

## 5" HD IPS display

The IPS technology ensures great viewing from any angle, while the vibrant colors and vivid images render a full-bodied viewing experience. Whether you are showing off your latest snapshots to friends or surfing your favorite websites, the 5" screen gives you an unbeatable visual treat while on the go.

## 63° superior ergonomic design

Supreme handing comfort of 63° angled back panel, even make it more comfortable to hold in. Wherever you go, you are carrying a signature look and style of extraordinary sensations.

## 8 megapixel AF main camera

Shoot like a pro on the go with the 8 megapixel autofocus main camera on your Philips mobile phone. Capture life's fleeting moments - big or

small - in crystal-clear quality and beam them to friends and family with pride. So you won't miss a memorable shot, night or day.

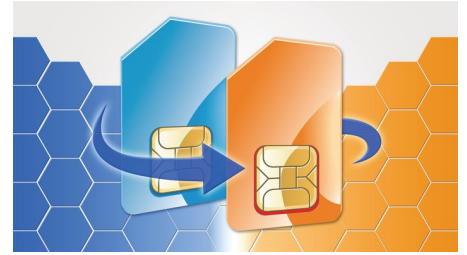

## 8 megapixel front camera

Bring yourself to the forefront of fun snapshots with the 8 megapixel front camera incorporated into your Philips mobile phone. Besides allowing you to take self-portraits, this front-facing camera feature also means that you can engage in face-to-face communication with video calls with friends or colleagues.

## Android 5.1

Empowered by Android, your Philips mobile now comes with a fully customizable mobile platform that is open to a wide range of smart applications and functions. Find your pocket PC, games console and telephone all rolled conveniently into one.

## Dual SIM

Organize your life better and keep your contacts separate by using 2 different phone numbers. With Dual SIM, you don't need to carry 2 phones around.

## TDD-LTE and FDD-LTE

Your Philips mobile phone incorporates dual 4G mode, that allows you to use mobile internet on a blazing speeds both in TDD-LTE and FDD-LTE networks. Now you can enjoy wider LTE coverage with just one phone.
