PHILIPS

Highlights

Up to 1 month standby time

The phone can be on and in standby mode continuously for up to 1 month on a single charge.

EDGE

EDGE provides up to three times the data capacity of GPRS, allows you to enjoy higher speed access to Internet and WAP, content download, email as well as fast sending/reception of MMS messages. Subscribe the GPRS service with your network operator and set up the GPRS profile in your EDGE enabled phone.

Fashion-forward design

When you want a fashion-forward phone to show the world your style, the sleek, modern

design and premium finish set this phone apart from the ordinary.

Iconic LED alert

Enjoy the convenience of viewing your phone's operation status without opening the flip cover. With 4 different twinkling white-lit icons representing each status, you can clearly see if you have a message alert, an incoming or missed call, or see what your battery status is, just by looking at the icon shown.

Large 262K color TFT display

Put the fun and excitement of the most vivid and colorful graphics and photos right at your fingertips with the large 262K color display that features excellent image quality and response time.

Video capture and playback

The video capture function lets you record precious moments in MPEG4 or H263 format. Play it back on your phone or PC.

MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD

memory card into the built-in memory card slot of your phone.

Bluetooth stereo music

Your Philips mobile phone supports A2DP Bluetooth Profile. It lets you enjoy your favorite tunes wirelessly and in high quality stereo music from your Bluetooth headphones.

Up to 22 hours music playback

Enjoy music playback for up to 22 hours on a single charge.

Up to 8 hours talk time

The phone can support up to 8 hours conversation on a single charge.
