A Smart New Way

Savor a smart new start with the effortlessly chic Philips T3566. With a 1.2GHz dual core processor, 4" WVGA TFT touch screen, Android 4.2 and dual mode network coverage, this phone is perfect for life on the go.

Brilliantly smart

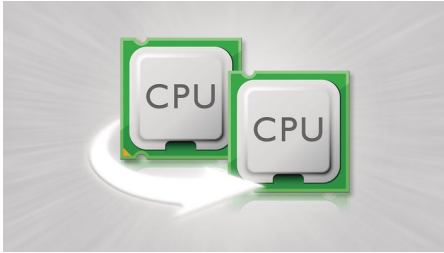

- Slick mobile performance with 1.2GHz dual core processor
- 4" WVGA TFT capacitive touch screen
- Android 4.2

Extras in life

- Dual mode (TD-SCDMA and GSM), dual coverage
- Internet access on the move over WLAN
- Capture your memories with 2 megapixel camera

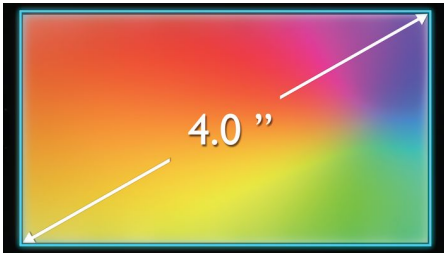

Highlights

1.2GHz dual core processor

Now you can experience an even smoother and slicker smart phone performance, thanks to the 1.2GHz dual core processor on your Philips mobile phone. With this feature, multitasking between all of your phone's applications is an utter breeze. Better yet, brace yourself for lightning-fast web browsing, remarkable picture quality and seamless gaming visuals.

4" WVGA TFT touch screen

Enjoy brilliant colors and vibrant images with the lightest of touch or tap. With a highly responsive 4" WVGA TFT capacitive touch screen, the phone lets you enjoy smooth navigation like never before. Whether you are zipping through file images or Internet

websites, or zooming through menus and applications, the touch screen is a pleasure to behold.

Android 4.2

Empowered by Android, your Philips mobile now comes with a fully customizable mobile platform that is open to a wide range of smart applications and functions. Find your pocket PC, games console and telephone all rolled conveniently into one.

Dual mode (TD-SCDMA and GSM)

Your Philips mobile phone incorporates two SIM cards to allow you access to TD-SCDMA and GSM network connections at the same time. Now you can enjoy wider mobile coverage on two networks with just one phone.

WLAN connectivity

With WLAN, you can enjoy speedy access to the Internet on your mobile phone. Go ahead and leisurely browse the web or send emails and files.

2 Megapixel camera

Capture and enjoy precious memories in clear and sharp picture quality with 2 megapixel resolution. Vibrant, colorful pictures are just a click away.
