• MicroSD memory card slot for extra memory/ data storage
• Enjoy Bluetooth stereo music
• Easy tuning with on-screen display on RDS FM radio stations
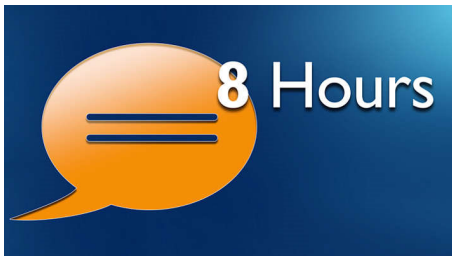

PHILIPS

Highlights

Up to 1 month standby time

The phone can be on and in standby mode continuously for up to 1 month on a single charge.

Up to 8 hours talk time

The phone can support up to 8 hours conversation on a single charge.

Extra talk time

Now you can enjoy peace of mind when using your phone on the go, without worrying about missing a call when your battery is low. Simply insert an AAA battery* which is readily available anywhere to instantly power up your phone. With the recommended Energizer® Lithium battery, you can enjoy up to 2.5 hours of extra talk time.

Backupower

With backupower, enjoy the convenience of instantly powering up your Philips mobile phone. Simply insert a variety of AAA batteries* in the phone's smartcavity. Now, you're ready to go.

Slim and versatile

The perfect combination of a slim and versatile design, your Philips phone is cleverly designed to fit in your hand while also accommodating smartcavity. You can instantly power up your mobile phone simply by inserting an AAA battery.

Smartcavity

Smartcavity is an easily accessible battery cavity in your Philips mobile phone. It can automatically detect the kind of AAA battery inserted in your phone. This allows you to use a variety of AAA batteries* depending on your needs. The rechargeable battery will be automatically charged when you have access to your wall charger giving you total freedom to use a variety of batteries for backupower while on the go.

2 megapixel camera

Use your 2 megapixel digital camera to enhance your photo experience with crisp, vivid pictures. The intuitive design and user interface allow you to easily take high-resolution photos of up to 1600 x 1200 pixels to use as wallpaper for your phone display; send from your phone via MMS, Bluetooth, or infrared; or print and share.

Bluetooth stereo music

Your Philips mobile phone supports A2DP Bluetooth Profile. It lets you enjoy your favorite tunes wirelessly and in high quality stereo music from your Bluetooth headphones.

RDS FM Radio

Enjoy quick and easy tuning to your favorite stations with Radio Data System (RDS) display, which shows the name of the station instead of frequency numbers. RDS also allows stations to transmit text messages and information directly to your radio display, so you can keep updated with news updates and radio promotions.

MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD memory card into the built-in memory card slot of your phone.

- Standard Package Includes: Battery, CD ROM (Mobile Phone Tools), Charger, Handset, Stereo Headset, User Manual, USB data cable

* To maximize backpower, use an Energizer Lithium AAA battery. Also works with disposable Alkaline and Lithium batteries and rechargeable Nickel Metal Hydride (NiMH) batteries.
* Specification indicated based on initial full battery charge tested in laboratories with Bluetooth switched off. Actual performance is dependent on network service provider and usage.
