- Up to 7.5 hours of talk time

Designed to work with you

- External display control for extra convenience
- Large 262K color TFT display for vivid, colorful graphics

Multimedia - anytime, anywhere

- 3.2 Megapixel autofocus camera
- Video capture and playback in MPEG4 and H263 format
- Enjoy Bluetooth stereo music
- Easy tuning with on-screen display on RDS FM radio stations
- MicroSD memory card slot for extra memory/ data storage

Highlights

Up to 1 month standby time

The phone can be on and in standby mode continuously for up to 1 month on a single charge.

Up to 7.5 hours talk time

The phone can support up to 7.5 hours conversation on a single charge.

External display control

You can view SMSes, take photos or play music without flipping open your phone. You can also personalize functions according to what you use most frequently.

3.2 Megapixel autofocus camera

Capturing memorable moments clearly is as simple as point and shoot. The autofocus works automatically when you press the camera button halfway. Simply press the button all the way in order to capture a clear, sharp image.

RDS FM Radio

Enjoy quick and easy tuning to your favorite stations with Radio Data System (RDS) display, which shows the name of the station instead of frequency numbers. RDS also allows stations to transmit text messages and information directly to your radio display, so you can keep updated with news updates and radio promotions.
