A nature force of attraction

Stunning color, unsurpassed comfort of a 63 degree angled back panel, intuitive user-interface, new X-power technology. Philips S309 is crafted to become the next fashion icon that attracts admiration by human nature.

Sensational touch

- Unique curvilinear design with optimal size
- 4" WVGA TFT capacitive touch screen

Bright sparks, fast speeds

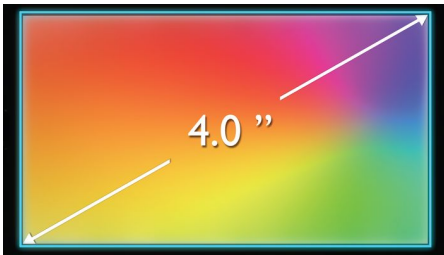

- Slick mobile performance with 1GHz dual core processor
- 5 megapixel autofocus camera with flash

Highlights

Unique curvilinear design

Your Philips mobile phone comes with a unique 63 degree curve at both ends that will revolutionize the way you hold your phone. It manages to be both trendy and ergonomic to appeal to your sense of quality and aesthetics. Its sensible design features a large screen within an optimal size that fits snugly in your hand and also incorporates a speaker at the bottom of the phone to deliver the greatest volume when you speak.

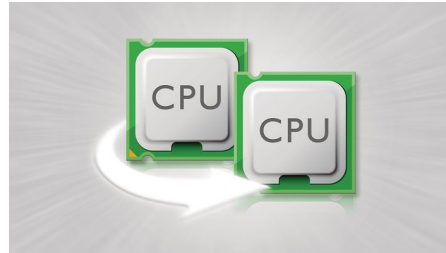

4" WVGA TFT touch screen

Enjoy brilliant colors and vibrant images with the lightest of touch or tap. With a highly responsive 4" WVGA TFT capacitive touch

screen, the phone lets you enjoy smooth navigation like never before. Whether you are zipping through file images or Internet websites, or zooming through menus and applications, the touch screen is a pleasure to behold.

1GHz dual core processor

Now you can experience an even smoother and slicker smart phone performance, thanks to the 1GHz dual core processor on your Philips mobile phone. With this feature, multitasking between all of your phone's applications is an

utter breeze. Better yet, brace yourself for lightning-fast web browsing, remarkable picture quality and seamless gaming visuals.

5 MPixel AF camera with flash

Capturing memorable moments is as simple as point-and-shoot. A built-in flash allows you to capture clear, sharp images - even in dim lighting conditions.
