- 6.6 cm (2.6") Touch screen
- On-screen handwriting recognition

Your complete mobile productivity tools

- View work files on your phone with office document viewer
- E-mail to stay connected wherever you are

PHILIPS
sense and simplicity

Highlights

Video capture and playback

The video capture function lets you record precious moments in MPEG4 or H263 format. Play it back on your phone or PC.

MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD memory card into the built-in memory card slot of your phone.

Handwriting recognition

The intuitive and fast way to write text messages. Simply write on the touch screen as you would write on a piece of paper to have the phone convert your handwriting into an SMS (Short Message Service) text message. The feature has built-in handwriting recognition capability in both Chinese (traditional and simplified) and English (Roman alphabet).

View office documents

Office document viewer is a convenient feature that allows you to easily view familiar office documents such as Microsoft Word, Excel, Powerpoint and PDF while on the go. To view your work documents from your phone memory or MicroSD card, simply select the desired file on the phone menu.

Specifications
