

Double your freedom

With dual SIM cards

Take your mobile lifestyle to another level with the Philips 699. A breeze to use, the compact phone features dual SIM cards for hassle-free switching of phone numbers.

Maximize your mobility

 \cdot Dual SIM cards for hassle-free switching of phone numbers

Quick and easy messaging

- Large 262K color TFT display for vivid, colorful graphics
- 2.6" Touch screen
- · On-screen handwriting recognition

Multimedia - anytime, anywhere

- MP3 playback and ringtones for a superior audio experience
- 1.3 megapixel camera for clear, sharp picture quality
- ${}^{\textstyle \bullet}$ Video capture and playback in MPEG4 and H263 format
- MicroSD memory card slot for extra memory/ data storage

Highlights

2 SIM cards, 1 phone

Enjoy hassle-free switching of your phone numbers without having to remove and swap your SIM cards. Your Philips mobile phone is specially designed to accommodate two SIM cards. To switch between the two cards, simply select the desired SIM card on the phone menu.

Handwriting recognition

The intuitive and fast way to write text messages. Simply write on the touch screen as you would write on a piece of paper to have the phone convert your handwriting into an SMS (Short Message Service) text message. The feature has built-in handwriting recognition capability in both Chinese (traditional and simplified) and English (Roman alphabet).

Video capture and playback

The video capture function lets you record precious moments in MPEG4 or H263 format. Play it back on your phone or PC.

MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD memory card into the built-in memory card slot of your phone.
