PHILIPS

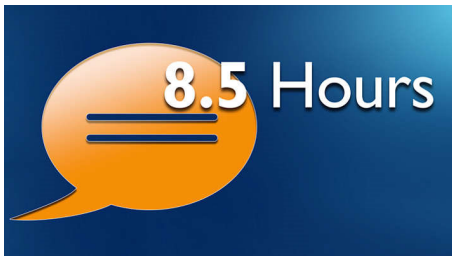

Highlights

Up to 1 month standby time

The phone can be on and in standby mode continuously for up to 1 month on a single charge.

Up to 8.5 hours talk time

The phone can support up to 8.5 hours talk time on a single charge.

Bluetooth connectivity

Bluetooth technology allows easy wireless connection to other Bluetooth devices on the go. Enrich your mobile experience by using your Bluetooth headset, and easily and quickly receive and share files on your phone wirelessly.

MP3 ringtones

MP3 ringtones let you choose the sounds of your favorite songs for a personalized and rich audio experience just by selecting an MP3 file to set as your ringtone.

Megapixel digital camera

The integrated digital camera with 1.3 megapixel resolution (1024x1280 pixels) allows you to capture precious moments of your life anytime, anywhere with your phone. Press camera key to take vibrant pictures and use as wallpaper and fotocall, or to send later via MMS.

Java 2.0

Java 2.0 technology allows you to enhance and personalize your phone with new games and applications simply by downloading them.

262K color OLED display

With the full-color 262K main OLED display, enjoy all your images, pictures and simple animations in crisp and vibrant color.

Voice appointment reminder

An enhanced agenda function for users to create voice-based appointments which will alert them with an audio or voice memo when appointments are due.

1000 phonebook entries

Huge storage memory holds up to 1000 phonebook entries and up to 5 numbers each allowing convenient storage of all business and personal contacts.

30 minutes of voice recording

You can record up to 30 minutes of voice memos, voice agendas, or phone conferences, or download audio content via MMS (Multimedia Messaging Service) to store in the phone's memory for future reference.
