Highlights

Large 262K color TFT display

Put the fun and excitement of the most vivid and colorful graphics and photos right at your fingertips with the large 262K color display that features excellent image quality and response time.

Video capture and playback

The video capture function lets you record precious moments in MPEG4 or H263 format. Play it back on your phone or PC.

MP3 playback and ringtones

Use the data cable or an external memory card to transfer MP3 music files to your phone for a superior audio experience on the go. You can also personalize your ringtone with a selection from your MP3 files.

Megapixel digital camera

The integrated digital camera with 1.3 megapixel resolution (1024x1280 pixels) allows you to capture precious moments of your life anytime, anywhere with your phone. Press camera key to take vibrant pictures and use as wallpaper and fotocall, or to send later via MMS.

MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD memory card into the built-in memory card slot of your phone.
