- Video capture and playback in MPEG4 and H263 format
- MicroSD memory card slot for extra memory/ data storage
- High-quality integrated FM radio
- Enjoy Bluetooth stereo music
- 3 Megapixel autofocus camera

PHILIPS

Highlights

Dual SIM, dual coverage

Enjoy the dual benefits of having 2 mobile phone lines for different communications needs. Your mobile phone can have 2 SIM cards with 2 GSM connections at the same time - it's like having 2 phones in 1! Plus, enjoy wider mobile coverage on the move.

Up to 1 month standby time

The phone can be on and in standby mode continuously for up to 1 month on a single charge.

Up to 8.5 hours talk time

The phone can support up to 8.5 hours talk time on a single charge.

3 Megapixel autofocus camera

Capturing memorable moments clearly is as simple as point and shoot. The autofocus works automatically when you press the camera button halfway. Simply press the button all the way in order to capture a clear, sharp image.

Video capture and playback

The video capture function lets you record precious moments in MPEG4 or H263 format. Play it back on your phone or PC.

Bluetooth stereo music

Your Philips mobile phone supports A2DP Bluetooth Profile. It lets you enjoy your favorite tunes wirelessly and in high quality stereo music from your Bluetooth headphones.

FM radio

An FM radio application allows you to listen to your favorite FM radio programs wherever you are thanks to your mobile phone and its stereo headset.

MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD memory card into the built-in memory card slot of your phone.
