## Simple and remarkably capable

Philips E220 is made to be utterly simple and remarkably capable. 1000mAh battery, 1.77 inch display, large buttons, FM radio, and dual SIM design. All together redefine what's meant to be the quality of mobile communication..

### **Always on, always connected**

- Dual SIM for 2 groups of contacts
- Up to 17 hours of talk time
- Up to 37 days standby time

### **Designed for you**

- Dedicated SOS button for emergency call
- Single button to activate handy flashlight

### **Simplicity of use**

- 1.77" TFT color display for vivid, colorful graphics
- Enjoy FM music your way - out loud or via a headset

# Highlights

## 1.77" TFT color display

Put the fun and excitement of vivid and colorful graphics and photos right at your fingertips with the 1.77" TFT color display that features good image quality and response time.

## Dual SIM

Organize your life better and keep your contacts separate by using 2 different phone numbers. With Dual SIM, you don't need to carry 2 phones around.

## Emergency call button

Your Philips mobile phone is designed with a dedicated SOS button to give you and your loved ones peace of mind about your

wellbeing in their absence. It allows you to identify a maximum of three different numbers where you can get immediate help when emergencies occur, whether within or outside your home. When you activate the SOS button, the phone will automatically connect to these numbers until your call gets answered by any one of the parties. This life-saving design means that you can retain your independence while maintaining easy access to immediate assistance in case you need help.

## FM radio on the go

Enjoy the convenience of tuning in to FM radio the way you want - play it out loud through the phone's speaker or via your headset. Just plug in the headset, which acts as an antenna and select your listening option in the menu.

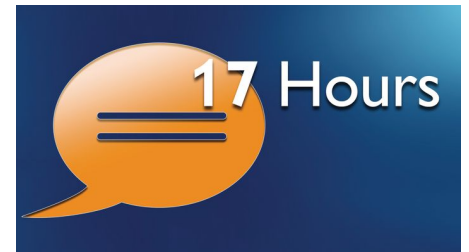

## Single button for flashlight

If you do not like being left in the dark, the flashlight button feature on your mobile phone is perfect for you. Your Philips phone is transformed into a handy compact flashlight

even when the phone is turned off, just by hitting the dedicated switch. Keep it right by your side at all times, and you'll never have to grope your way around in the dark again.

## Up to 17 hours talk time

The phone can support up to 17 hours conversation on a single charge.

## Up to 37 days standby time

The phone can be on and in standby mode continuously for up to 37 days on a single charge.
