Enduring connection, sleek design

Travel light with the Philips Xenium X503, as its dual SIM card slot and 8 hours' talk time save you from carrying two phones or even a charger on a trip. And its sleek design means you don't have to leave your love of style behind either.

Always connected

- Dual SIM for two groups of contacts
- Up to eight hours of talk time

Look sharp, stay sharp

- Slim and compact

Multimedia - anytime, anywhere

- Capture your memories with the 3.2 megapixel camera
- Easy tuning with on-screen display of RDS FM radio stations
- Enjoy Bluetooth stereo music
- MicroSD memory card slot for extra memory/data storage

PHILIPS
sense **and** simplicity

Highlights

Dual SIM

Organise your life better and keep your contacts separate by using two different phone numbers. With Dual SIM, you don't need to carry two phones around.

Slim and compact

Your Philips mobile phone is designed to set you apart from the crowd. Its slim form factor allows for a handy yet comfortable grip and its compact size ensures it fits perfectly in your pocket.

Up to eight hours' talk time

The phone can support up to eight hours of conversation on a single charge.

MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD memory card into the built-in memory card slot of your phone.

Bluetooth stereo music

Your Philips mobile phone supports A2DP Bluetooth Profile. It lets you enjoy your

favourite tunes wirelessly and in high quality stereo music from your Bluetooth headphones.

RDS FM Radio

Enjoy quick and easy tuning to your favourite stations with Radio Data System (RDS) display, which shows the name of the station instead of frequency numbers. RDS also allows stations to transmit text messages and information directly to your radio display, so you can keep updated with news updates and radio promotions.
