Highlights

Portable USB charger

Your Philips Xenium mobile phone is literally a small powerhouse in your hand. Not only does it feature superb battery performance for long conversations, it also recharges your smart phones once you hook them up with the right USB connecting cable. Feel the surge with this power booster on the go.

Up to 139 days standby time

The phone can be on and in standby mode continuously for up to 139 days on a single charge.

Up to 48 hours talk time

The phone can support up to 48 hours conversation on a single charge.

Dual SIM

Organize your life better and keep your contacts separate by using 2 different phone numbers. With Dual SIM, you don't need to carry 2 phones around.

Bluetooth stereo music

Your Philips mobile phone supports A2DP Bluetooth Profile. It lets you enjoy your favorite tunes wirelessly and in high quality stereo music from your Bluetooth headphones.

MicroSD memory card slot

You can now enjoy extra capacity and storage of multimedia files by inserting a MicroSD memory card into the built-in memory card slot of your phone.
