In the spotlight

powered by Android

The Philips T939 mobile phone lets you indulge in a touch of stylish elegance. With dual 3.2" HVGA touch screen, 1GHz high speed processor, Android 4.0 and dual mode network coverage, its functional credentials are just as impressive.

Fast, simple and easy

- Create a personal WiFi hotspot and get connected on the go
- Go online anywhere with plug and play USB modem
- Dual mode (TD-SCDMA and GSM), dual coverage

Brilliantly smart

- Android 4.0
- Slick mobile performance with 1GHz high speed processor
- Dual 3.2" HVGA touch screen

Extras in life

- 5 megapixel autofocus camera with flash
- Speak face-to-face via video call

Highlights

1GHz high speed processor

Now you can experience an even smoother and slicker smart phone performance, thanks to the 1GHz high speed processor on your Philips mobile phone. From loading apps to swift web surfing, your smart phone experience will be transformed with this feature.

5 MPixel AF camera with flash

Capturing memorable moments is as simple as point-and-shoot. A built-in flash allows you to capture clear, sharp images - even in dim lighting conditions.

Android 4.0

Empowered by Android, your Philips mobile phone now comes with a fully customizable mobile platform that is open to a wide range of smart applications and functions. Find your pocket PC, games console and telephone all rolled conveniently into one.

Dual 3.2" HVGA touch screen

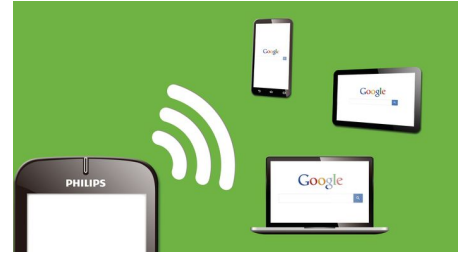

The Philips dual screen phone gives you a new perspective, thanks to its two awesome 3.2" HVGA touch screens housed in a classical clamshell design. It can be used like a regular single screen phone when closed, allowing the user to view images and videos, as well as access emails and apps. Or you can choose to flip the phone open to use the inside touch screen and ergonomic keypad for double convenience.

Dual mode (TD-SCDMA and GSM)

Your Philips mobile phone incorporates two SIM cards to allow you access to TD-SCDMA and GSM network connections at the same time. Now you can enjoy wider mobile coverage on two networks with just one phone.

Mobile hotspot

Want the fun and convenience of creating your own personal WiFi hotspot? With your Philips mobile phone, you can - thanks to its mobile hotspot feature. Now you can connect your favorite WiFi-enabled devices such as your laptop, netbook or media player to the internet from virtually anywhere on the go.

Plug and play USB modem

With plug and play USB modem, accessing the web and your emails on your laptop is a breeze, even when you're on the go. Simply connect your Philips mobile phone to your laptop with the included data cable.

Video call

Save travel time while enjoying face-to-face communication with the people who matter via video call. Your phone camera captures and relays images to video call recipients with compatible mobile phones.
