Highlights

Brilliant 65K color display

The phone's main screen color display brings you incredibly colorful images and pictures.

Multi-person SMS

You can use multi-person SMS (Short Message Service) to send messages to several people at the same time simply by writing your message, selecting the recipients, and clicking "send."

MMS messaging

MMS (Multimedia Messaging Service) allows you to use your mobile phone to send and receive pictures, video, and audio files with your text messages.

MP3 ringtones

MP3 ringtones let you choose the sounds of your favorite songs for a personalized and rich audio experience just by selecting an MP3 file to set as your ringtone.

FM radio

An FM radio application allows you to listen to your favorite FM radio programs wherever you are thanks to your mobile phone and its stereo headset.

Still Picture Playback

Picture compression format: BMP, GIF (87a & 89a), JPEG
