# Highlights

## MP3 playback and ringtone

Use the USB data cable to transfer MP3 music files to your phone for a superior audio experience on the go. You can also personalize your ringtone using your MP3 files.

## 128 Megabytes user memory

Enjoy the convenience and fun of storing more pictures and MP3 music files on your phone with the 128MB built-in user memory

## Brilliant 65K color display

Your phone's main screen color display brings you incredibly colorful images and pictures.

## USB mass storage

Connect your phone to a computer using the USB data cable. No need to install any special software: your phone will automatically show up as a removable drive on your computer allowing you to simply drag and drop files to and from your phone.

## Three preloaded games

Your phone comes with three preloaded games for you to enjoy hours of entertainment on the brilliant color display. Simply go into the dedicated sub menu and select your favorite game.
