- 4.3" qHD touch screen for rich viewing details
- Android 4.0
- Sleek unibody design for sophisticated simplicity

Extras in life

- 5 megapixel autofocus camera with flash
- Internet access on the move over WLAN

Highlights

Dual mode (WCDMA and GSM)

Your Philips mobile phone incorporates two SIM cards to allow you access to WCDMA and GSM network connections at the same time. Now you can enjoy wider mobile coverage on two networks with just one phone.

Up to 9 hours web browsing

Enjoy web browsing for up to 9 hours on a single charge.

1.2GHz dual core processor

Now you can experience an even smoother and slicker smart phone performance, thanks to the 1.2GHz dual core processor on your Philips mobile phone. With this feature, multitasking between all of your phone's applications is an utter breeze. Better yet, brace yourself for lightning-fast web browsing, remarkable picture quality and seamless gaming visuals.

4.3"qHD touch screen

Your Philips mobile phone comes endowed with an awesome 4.3" qHD display that will be the envy of all your peers. The display ensures great viewing from any angle, while the vibrant colors and vivid images render a full-bodied viewing experience. To top it off, navigating on the wide screen is also swift and effortless. Whether you are showing off your latest snapshots to friends or surfing your favorite websites, the 4.3" screen gives you an unbeatable visual treat while on the go.

WLAN connectivity

With WLAN, you can enjoy speedy access to the Internet on your mobile phone. Go ahead and leisurely browse the web or send emails and files.

Android 4.0

Empowered by Android, your Philips mobile now comes with a fully customizable mobile platform that is open to a wide range of smart

applications and functions. Find your pocket PC, games console and telephone all rolled conveniently into one.

Power-saving switch

This Power-saving switch may well be the most convenient feature on your Philips mobile phone. By clicking the button located on the side panel, you can enable this function to help preserve your phone battery. It will shut down the WiFi, GPS and Bluetooth functions, while dimming the screen display simultaneously. Besides avoiding the multiple clicks needed to do likewise on other phones, this clever yet convenient button is definitely a lifesaver for heavy phone users.

Up to 10.5 hours talk time

The phone can support up to 10.5 hours conversation on a single charge.

Sleek unibody design

Turn heads with the sleek and elegant unibody design of your Philips mobile phone. Besides its streamlined form and greater handset durability, the design is complemented by a metallic finish that gives your phone an extra touch of style.
