Specifications

General specifications

- Color: Dark blue
- Product Dimension (LxWxH): 1090x224x50 mm
- Net weight: approx. 1.1kg
- Main materials: Mesh cloth

Main parameters

- Working voltage: 3.7 V
- Auto shut-off time: 30 minutes
- Temperature of heating: 40-55 °C
- Working power: 9.5 W

- Battery: 3200 mAh
- Charging current: 2 A
- Charging voltage: 5 V
- Charging port: USB Type-C

Country of origin

- Made in: China

Service

- Warranty period: 2 years

PPM4721DB/97

Highlights

High frequency vibration

Built-in 4 high-frequency vibration massage areas, directly hit the sore muscles. You can relax your waist muscles immersively and relieve muscle fatigue and soreness.

Multiple vibration modes

There are 2 warm-up massage modes and 2 recovery massage modes after exercise. With 4 zones of cool rhythmic lighting, the massage has a more technological sense.

3D strong support function

There are 2 arch-shaped supporting steel bars to stabilize the lumbar spine, disperse the pressure on the lumbar spine from the upper body, and provide protection and fixation to the waist.

Hot compress function

NTC intelligent temperature control can strengthen the local blood circulation of the human body, thereby effectively relieving muscle tension and pain, allowing you to relax and relieve the fatigue of the day.

Timing shut-off

A timed 30-minute working time for automatically shut off, effectively avoiding excessive massage and causing discomfort of redness and swelling of the skin.

Use wireless

The control box has a built-in battery with a capacity of 3200mAh, which can be used for 120 minutes when fully charged.

Skin-friendly and soft fabric

It is made of fine fabric sewing, and the whole machine feels soft to the touch. The fabric is added with antibacterial and antibacterial technology, which makes it healthier to wear and more secure to use.
