Experience Ultra Slim LED TV

Enjoy crisp, clear pictures with the Philips 4008 series Full HD LED TV powered by Digital Crystal Clear. This series combines vivid images, great sound and a minimalist TV design. Take one home for a memorable viewing experience.

Control how you share and record on the big screen

- PC Input lets you use your TV as a PC monitor

Brings entertainment to life

- 100Hz Perfect Motion Rate (PMR) for clear motion sharpness
- Digital Crystal Clear to enhance picture quality
- Full HD LED TV—brilliant LED images with incredible contrast
- Two HDMI input for integrated connectivity
- USB for multimedia playback
- Hear every word with Clear Sound

Highlights

PC input

Use your TV as a monitor. Simply connect using an HDMI-DVI cable/converter and you are ready to go.

100Hz PMR

For picture movement that looks precise, smooth and natural, Philips created PMR—our standard for measuring moving image sharpness. Perfect Motion Rate is the combined result of our unique video processing, number of frames per second and refresh rate of each frame, perfection in dimming capabilities, and backlighting technology. A higher PMR number contributes to higher contrast and better motion clarity—which means a superior image for you.

Digital Crystal Clear

Enjoy extremely clear pictures from any source. This package of picture innovations digitally adjusts and optimizes picture quality to optimal contrast, color and sharpness levels.

Two HDMI input

Avoid cable clutter with a single cable to carry both picture and audio signals from your devices to your TV. HDMI uses uncompressed signals, ensuring the highest quality from source to screen.

USB (photos, music, video)

Connect your USB memory-stick, digital camera, mp3 player or other multimedia device to the USB port at the side of your TV to enjoy photos, videos and music with the easy to use on screen content browser.

Clear Sound TV

This innovative audio technology significantly increases the comprehensibility of the voice, whether spoken or sung. It ensures you hear every word, so you can enjoy what you're watching to the fullest.

Full HD LED TV

Picture quality matters. Regular HDTVs deliver quality, but you expect the best. Imagine breathtakingly crisp detail paired with high brightness, incredible contrast, sharp motion definition, realistic colors and a true to life picture—as well as low power consumption. Well, look no further. Full HD LED delivers more detail than standard HDTVs. And more detail in the image means a more intense viewing experience for you.

Specifications

Picture/Display

Aspect ratio: 16:9

Diagonal screen size (inch): 42 inch

Diagonal screen size (metric): 107 cm

Display: LED Full HD

Brightness: 300 cd/m²

Picture enhancement: Digital Crystal Clear, 100 Hz Perfect Motion Rate

Panel resolution: 1920x1080p

Supported Display Resolution

Computer inputs: up to 1920x1080 @ 60Hz
