- Multi-OS compatibility for multi devices

# PHILIPS

Multi-device bluetooth keyboard  
Multi-device functionality Multimedia shortcuts, Detachable palm rest, Intelligent power saving

SPK6607B/94

# Highlights

## Keystrokes for durability

Keys last millions of keystrokes for durability

## 2.4G wireless connection

Keep the computer wires at bay. For any keyboard/mouse equipped with this feature, you can connect the accessory to any PC via a speedy 2.4Hz wireless connection. The simple setup process, along with the accessory's sleek design, is sure to leave your workspace looking clean and wire-free.

## Supports multi devices

Type-on-anything universal keyboard. This keyboard works for your computer, but also works with your smartphone or tablet.

## Ergonomic palm rest

The palm rest helps position your hands comfortably on the keyboard, and offers a comfortable place to rest your palms when you are not typing.

## multi-media shortcuts

With these multi-media shortcuts, you can easily switch to music, volume, or video play by a simple click.

## Intelligent power saving

With the intelligent power saving function, this keyboard can go into standby and therefore save power when not in use.

## Laser engraved keys

Laser-engraved keys look great, are easy to read and last longer. A premium choice.

## Low-profile keys

The low-profile keys add a stylish look and are quick and responsive for typing.

## Multi-OS compatibility

Compatible with iOS, MAC, and Windows, you can easily switch among them via shortcuts.
