

Philips Brilliance
LCD widescreen monitor

61 cm (24") wide
WUXGA

Brilliance

240SW9FS

Big, wide screen for higher business productivity

The larger widescreen monitor for your productivity: with SmartImage, SmartContrast and SmartControl to boost your work output plus TrueVision for the best-ever LCD display, the TCO'03 certified, Vista-ready 240SW9 is ready to work for you.

Outstanding front of screen performance

- SmartImage: Optimised user-friendly display experience
- SmartContrast: For incredible rich black details
- 1920 x 1200 resolution: ideal for two A4 pages side by side

Eco-friendly design

- The green design conserves resources and reduces operating costs

Best total cost of ownership solution

- TrueVision: Laboratory quality display performance
- DVI-D input and HDCP support
- Empowered for Windows Vista

Great convenience

- Dual input accepts both analogue VGA and digital DVI signals
- Easy picture format control switching between wide and 4:3 formats
- Screen tilts to your ideal, individualised viewing angle
- Hassle-free display performance tuning with SmartControl II

PHILIPS

Highlights

SmartImage

SmartImage is an exclusive leading edge Philips technology that analyses the content displayed on your screen and gives you optimised display performance. This user-friendly interface allows you to select various modes like Office, Image, Entertainment, Economy etc., to fit the application in use. Based on the selection, SmartImage dynamically optimises the contrast, colour saturation and sharpness of images and videos for ultimate display performance. The Economy mode option offers you major power savings. All in real time with the press of a single button!

TrueVision

TrueVision is an industry leading, proprietary Philips testing and algorithm technology for the adjustment and fine-tuning of monitors, an extensive process that ensures ultimate display performance in compliance with a standard four-times more stringent than Microsoft's Vista requirements, for each monitor that leaves the factory - not just a few review samples. Only Philips goes to these lengths to deliver this exacting level of colour accuracy and display quality in every new monitor.

SmartContrast

SmartContrast is a Philips technology that analyses the contents you are displaying, automatically adjusting colours and controlling backlight intensity to dynamically enhance contrast for the best digital images and videos or when playing games where dark hues are displayed. When Economy mode is selected, contrast is adjusted and backlighting fine-tuned for just-right display of everyday office applications and lower power consumption.

WUXGA, 1920 x 1200 resolution

Wide format of Ultra Extended Graphics Array, a display specification that is capable of displaying 1920 x 1200 resolution, or approximately 2.3 million pixels.

Easy picture format control

Philips easy picture format control on OSD switches from the 4:3 aspect ratio to the widescreen mode and back again to match the display's aspect ratio

with your content; it allows you to work with wide documents without scrolling or viewing widescreen media in the widescreen mode and gives you distortion-free, native mode display of 4:3 ratio content.

Eco-friendly design

Eco-friendly design is based on environmentally conscious engineering of a display device to minimise power consumption, reduce packing materials and eliminate hazardous materials. Being at the forefront of sustainability and with our longstanding commitment to reduce the environmental impact of our products, we enable consumers to make simple, responsible choices about the products they buy and the impact they have before, during and at the end of their life cycle.

HDCP ready

High-Bandwidth Digital Content Protection (HDCP) is a copyright protection system that is incorporated into the DVI connector. It helps stop unauthorised duplication of copyrighted content. HDCP allows you to play protected content media such as movies and concerts. It checks the signal to prevent piracy, allowing only legal copies of content to display.

SmartControl II

SmartControl II is monitor-based software with an easy-to-use on-screen graphic interface that guides you through fine-tuning resolution, colour calibration and other display settings including brightness, contrast, clock and phase, position, RGB, white point and - on models with onboard speakers - volume adjustments.

Windows Vista-ready

Philips Vista-ready monitors are empowered for vibrant, exciting display of this new, visually sophisticated and demanding Windows operating system, designed to enhance your entertainment experience, make you more productive and help you control your computing experience at home and in the office, making viewing, finding and organising information for work or play quick, efficient and easy.

Specifications

Picture/Display

- LCD panel type: TFT-LCD
- Panel Size: 24"/61.1 cm
- Aspect ratio: 16:10
- Pixel pitch: 0.270 x 0.270 mm
- Brightness: 300 cd/m²
- SmartContrast ratio (dynamic): 10000:1
- Contrast ratio (typical): 1000:1
- Viewing angle: 160° (H)/160° (V), @ C/R > 10
- Picture enhancement: SmartImage
- Response time (typical): 5 ms
- Optimum resolution: 1920 x 1200 @ 60 Hz
- Display colours: 16.7 M
- Horizontal Scanning Frequency: 24 - 94 KHz
- Vertical Scanning Frequency: 48-85 Hz
- sRGB

Connectivity

- Signal Input: VGA (Analogue), DVI-D
- Sync Input: Composite Sync, Separate Sync, Sync on Green

Convenience

- User convenience: SmartControl II, SmartManage enabled, Picture format selection, On-screen Display
- Monitor Controls: Auto (Back), Brightness (Up), Input (Down), Menu (OK), Power On/Off, SmartImage
- OSD Languages: English, French, German, Italian, Russian, Simplified Chinese, Spanish, Portuguese
- Regulatory approvals: CE Mark, Energy Star, FCC Class B, SEMKO, TCO '03, TÜV/GS, TÜV Ergo, UL/cUL
- Plug and Play Compatibility: DDC/CI, sRGB, Windows 98, Windows 2000, Windows XP, Windows Vista, Mac OS X
- Other convenience: Kensington lock compatible
- Tilt: -5° to 20°
- VESA Mount: 100 x 100 mm

Power

- Consumption (On mode): < 65 W (typical)
- Consumption (economy mode): 37 W
- Consumption (Off Mode): < 0.8 W
- Power LED indicator: Operation - Blue, Standby/sleep-blue (flashing)
- Power supply: Built-in, 100-240 VAC, 50/60 Hz
- Complies with: Energy Star

Dimensions

- Set dimensions with stand (W x H x D): 559 x 494 x 220 mm
- Set dimensions with stand in inch (W x H x D): 22.0 x 19.45 x 86.6 inch
- Set dimensions (W x H x D): 559 x 381 x 75 mm
- Set dimensions in inch (W x H x D): 22.0 x 15.0 x 2.95 inch
- Relative humidity: 20% - 80%
- MTBF: 50,000 hrs
- Box dimensions (W x H x D): 638 x 546 x 188 mm
- Box dimensions in inch (W x H x D): 25.11 x 21.5 x 7.4 inch
- Product weight (+stand): 5.7 kg
- Product weight (+stand) (lb): 12.57 lb
- Weight incl. Packaging: 7.7 kg
- Weight incl. Packaging (lb): 16.96
- Temperature range (operation): 0°C to 40°C
- Temperature range (storage): -20°C to 60°C
