Impress your guests, most efficiently

Philips Hospitality LCD TV

With this modern and energy efficient Hospitality LCD TV, you will enjoy all the benefits of digital television. The small screen is ideally suited for prisons, hospitals and smaller hotels.

Sustainable and safe
- Low power consumption
- Eco-friendly design & flame retardant housing

Differentiating guest experience
- Additional headphone connection for personal listening
- Advanced EPG and channel list
- Enjoy photo and music playback via USB

Advanced hotel features and future proof
- Ideally suited for prisons
- One combined channel list for Analog and Digital channels
- Installation menu locking

PHILIPS

Highlights

Installation menu locking

Prevents unauthorized access to installation and configuration settings, to ensure maximum guest convenience and avoid unnecessary reprogramming costs.

Low power consumption

Philips TVs are desgined to minimize power consumption. This will not only reduce environmental impact but also lower operating costs.

PrisonMode

To control communication, this Hospitality TV is equipped with a specific PrisonMode setting. This Advanced Security Mode switches off certain settings not demanded by the detention market like Teletext, Electronic Programme Guide, Subtitles and USB ports.

USB for photo & music playback

The USB connector allows access to jpeg photos and mp3 music of most USB-sticks (USB memory-class device). Plug the USB into the slot at the side of the TV and access the multimedia content using the easy on screen content browser. You can now view and share your photos and music.

Headphone connection

This speaker system features additional headphone connection. Connect your own headphone for a more personal listening experience whenever you want it.

Advanced EPG and channel list

The attractive EPG and channel list includes intuitive buttons with clear guiding graphics for easily finding your favorite channels.

One combined channel list

One integrated channel list for digital and analogue channels. This allows the guest to zapp seemless between Analogue and Digital channels.

Eco-friendly design

Sustainability is integral to the way Philips does business. Philips TVs are designed and produced according to our EcoDesign principles aimed at minimizing overall environmental impact, through lower power consumption, removal of hazardous substances, lower weight, more efficient packaging and better recyclability. Philips TVs also have a special housing of flame retardant material. Independent tests carried out by emergency fire services have shown that whereas TVs can sometimes intensify fires caused by external sources, Philips TVs will not contribute to the fire.

Specifications

Picture/Display
- Aspect ratio: 16:9
- Diagonal screen size (inch): 19 inch
- Diagonal screen size (metric): 48 cm
- Panel resolution: 1366 x 768p
- Brightness: 250 cd/m²
- Picture enhancement: Digital Crystal Clear
- Display screen type: LCD WXGA+ Active Matrix TFT
- Dynamic screen contrast: 30.000:1
- Response time (typical): 5 ms
- Viewing angle: 170° (H) / 160° (V)
