- Long-life filtration lasts up to 12 months***
- Safety lock to prevent mis-operation or burning
- ClearSmart intelligent system
- Plug and play; no installation required
- UV-LED eliminates 99.9% of bacteria**

Highlights

RO filtration

The innovative AquaShield All-in-One RO filter removes 110 kinds of harmful substances that may exist in the tap water*, delivering similar water quality as distilling.

Fresh hot water

Thanks to the instant heating technology, the fresh hot water comes out within seconds, at the exact temperature you like. No more waiting.

4 preset temperatures

Precisely controlled temperatures for your different needs. No more waiting for cooling down to a specific temperature. No matter coffee, tea or honey water, you can always make your favorite drink within seconds.

4 preset water volumes

150ml, 200ml, 300ml, and 500ml, you can always find the best volume setting for your favorite cups.

Long-life filtration

The all-in-one RO filter lasts up to 12 months***. You only need to replace the filter once a year and enjoy your clean water supply the rest of the time.

Safety lock

When the output water temperature is above 45 celsius, the safety lock will be automatically activated to prevent mis-operation or scalding.

ClearSmart intelligent system

Real-time filter status display, remind you to replace the filter if it is needed.

Plug and play

No installation needed for the dispenser. With a compact design, you can put it anywhere at home.

UV-LED

UV-LED eliminates 99.9% of bacteria**

Specifications

Filtration performance

Filtration level: 4-stage

Filter precision: RO: 0.0001 µm

Recommended filter lifetime: 12 months***

PFOA reduction: up to 99.9%

PFOS reduction: up to 99.9%

Heating performance

Heating method: Instant heating

General specifications

Replacement filter cartridge: ADD541

Filtration capacity: 2000L

Product color: White

Water tank capacity: 4L

Water temperature: Ambient, 45, 85, 95 °C

Product size: 200*302*404mm

UV sterilization

Filter lifetime indicator

Input water temperature: 5-38 °C
