Highlights

Power consumption compatible

- Standby power consumption: Philips Eco-Design PowerLite technology can easily connect and enjoy media from a PC, MP3 player, DVD player, camcorder and GreenCap devices with autosensing the correct TV panel and the TV will automatically switch the content from the connected source.

External loudspeaker connector

- Amplified audio source (tabletop or wall-mounted external speaker systems) for relocating the sound, for example in a bar, club, or other equipment
- Optional accessories: Mounting brackets/ stands, Set Top Remote RC2578R

There are many ways you may choose to offer additional services to guests, but regardless of the source, Philips Hospitality televisions will always deliver the best viewing experience possible to your guests by utilizing the most advanced FlatTV displays and a product weight technology such as Pixel Plus HD.

- Set width (with stand): 819 mm
- Set height (with stand): 678 mm

Pixel Plus HD is a 228 mm installation and a 228 mm maximum guest coverage to avoid unnecessary reprogramming costs.

Weight Plus Packaging | 2X less

- The shipping weight is 20% lighter than 3rd party decoders and controllers to interface with the TV.

SmartPower

The backlight intensity can be controlled and pre-set by the system to reduce the power consumption by up to 50%, which saves substantially on energy costs.

Switch On Channel Programming

Perfect for in-house advertising or information channels as it allows to show a predefined channel when the TV is turned on.

Swivel stand

This LCD TV comes with a swivel stand that allows your guests to adjust the TV so that they can watch TV from any position in the room. The stand can be secured to a table or furniture to provide additional security against theft.

Volume limitation

This feature predefines the volume range with which the TV set is allowed to operate, preventing excessive volume adjustments and avoiding disturbance of next door guests.

Welcome message

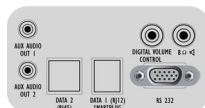

A welcome greeting is displayed each time the TV set is switched on.

Wireless SmartLoader

Provides the ability to copy easy and wireless all programming settings from one TV set into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.
