PHILIPS

Highlights

### Keystrokes for durability

Keys last millions of keystrokes for durability
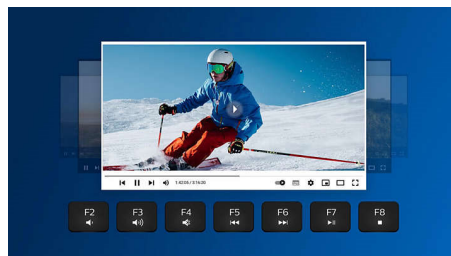

2.4 G wireless connection

Keep the computer wires at bay. For any keyboard/mouse equipped with this feature, you can connect the accessory to any PC via a speedy 2.4 Hz wireless connection. The simple setup process, along with the accessory's sleek design, is sure to leave your workspace looking clean and wire-free.
Supports multiple devices

Type-on-anything universal keyboard. This keyboard works with your computer and also with your smartphone or tablet.

Multi-media shortcuts

With these multi-media shortcuts, you can easily switch to music, volume or video play by a simple click.

Intelligent power saving

With the intelligent power-saving function, this keyboard can go into standby and therefore save power when not in use.
Laser-engraved keys

Laser-engraved keys look great, are easy to read and last longer. A premium choice.

Multi-OS compatibility

Compatible with iOS, MAC and Windows, you can easily switch among them via shortcuts.

Low-profile keys

The low-profile keys add a stylish look and are quick and responsive for typing.
