PHILIPS

Highlights

ProExtrude technology

This unique technology combines powerful motor, robust metal mixing paddle and strong metal front panel for a smooth finish, whatever pasta shape you pick.

Perfect mixing

The optimized design for the mixing chamber and the powerful metal blending bar ensure a precisely prepared, even dough base every time.

Auto-weighing technology

The integrated scale calculates the amount of liquid to be added to the flour type of your choice, to ensure perfect results every time!

Fully automated

The Philips Pasta Maker 7000 is fully automated. You just pour the ingredients in, relax and let the fully automated process do the rest!

Large capacity

Prepare up to 8 portions** of delicious homemade pasta in one go to enjoy with family and friends.

Pasta under 10 minutes**

Enjoy fresh homemade pasta effortlessly in under 10 minutes.*

Easy to clean, durable design

Stylish and durable design that complements any kitchen while ensuring a long-lasting pasta making experience. The non-stick and dishwasher safe parts makes the cleanup of your Pasta Maker none of the hassle.

Up to 10 pasta shapes***

Choose from a variety of pasta shapes to prepare your ideal dish. You can store all discs in the smart storage space in the device, so you never lose them! A measuring cup and special cleaning tools, for easy cleaning, are also included in the pack. Available shaping discs in the package***: lasagna, penne, fettuccine, spaghetti, angel hair, thick spaghetti, tagliatelle, pappardelle, shells, paccheri.

Step by step recipe guidance

Download the HomeID app and find simple step-by-step recipes with a variety, including vegan and gluten-free options created by culinary pros. Find HomeID now in the Google Play Store and Apple App Store.
