PHILIPS

Highlights

Up to 5 bar pressure

5 bar

The more steam, the faster the ironing. Consistent powerful steam is generated which penetrates deep inside the garments making ironing both faster and better. Steam power can be regulated to suit your needs.

Continuous steam

The more steam, the faster the ironing. The unique technology in a Philips steam generator iron generates powerful steam making ironing easier, better and faster.

Lightweight

The iron is only 1.2 kg making ironing easy and effortless.

SteamGlide soleplate

The SteamGlide soleplate is the best Philips soleplate for your steam iron. It has great

scratch resistance, glides excellently and is easy to clean.

Anti-calc Tablets

Permanent anti-calc tablets delay the formation of scale build up ensuring better protection for your system iron

Quick start: < 2 minutes

This system iron is ready to use in less than 2 minutes.

Refill the water tank any time

The separate water tank allows you to re-fill the water tank any time, even during ironing, without waiting.

Steam boost up to 220 g

The steam boost can be used for vertical steaming and tough creases.

ECO setting

ECO

Save 30% energy and 40% water consumption by selecting the eco-setting. The eco-setting offers the most energy efficient way to obtain perfect ironing results.

Automatic shut-off

Iron shuts off automatically when the iron is held still for 30s on its soleplate, lying on its side for 30s or standing on its heel rest for 8 minutes.
