# Highlights

## Smart curling system

Glamorous, lasting curls at the touch of a button. The curl boost technology curls every hair strand like a professional stylist. Salon results from the comfort of your own home.

## Longer curling barrel

This auto curler has a unique open design with a longer curling barrel. You can now style twice as much hair in each go and be ready in half the time\*.

## Smart curl guards

Our unique smart curl guards create glamorous and lasting curls. They rotate to follow the flow of your hair, while gently wrapping it around the curling barrel. Each strand is curled evenly at a controlled

temperature, giving you perfect results every time. It really is like having your own personal stylist at home.

## 27 styling options

From soft waves to bouncy curls. We guarantee that every choice will be a glamorous one. Choose the temperature, time and curl settings to achieve your desired look every time.

## Triple bristle design

Triple bristle design gently detangles and straightens while protecting your scalp from heat.

## Paddle-shaped brush

The paddle-shaped design to straighten more hair in one go.

## Caring technologies

Our MoistureProtect and ThermoProtect technologies protect your hair from overheating by ensuring the optimal temperature. Enjoy your hair's natural shine.

## Luxury style case

Our luxury style case is designed to store both devices safely and protected. It is also great for traveling.

## Argan oil infusion

The curling barrel and brush bristles are infused with Argan oil for smooth gliding and ultimate shine.
